ROSENTHAL WITNESS WILL AID PROSECUTOR

Preston, England, Sept. 4.—Thomas Coupe, former night clerk at the Elks club in New York, and an eye witness of the murder of the gambler, Herman Rosenthal, says he is ready to help district attorney Whitman in every possible way, but will not return to the United States.

In reply to the district attorney's wireless request that he should return to America, Coupe cabled a refusal today and said he would make his deposition before an American consul in England.

Coupe admits that he is one of "Whitman's important witnesses." He declares that although he did not see the actual murder, he did see the assassins speeding automobile and noted the police made no effort to follow it.

PROSECUTOR AND GOVERNOR CONFER

New York, N. Y., Sept. 4.—District attorney Whitman left today for Albany to confer with governor Dix relative to summoning another panel from which to select an extraordinary grand jury. He declined to say anything about his conference with Cornelius G. Hayes, recently reduced from police inspector to captain.

It had been rumored that Hayes would come over to the district attorney. His break with commissioner Waldo, who accuses him of making a false statement in saying that Waldo had instructed him not to molest disorderly houses unless the raids were sanctioned by Waldo, brought about the inspector's reduction.

William J. Flynn, who resigned his position to aid in the graft investigation here, began today his duties as special investigator for the aldermanic committee.

Placerville, Calif., Sept. 4.—The entire foreign diplomatic corps paid their respects today at the bier of the late emperor Mutsuhito, upon whose coffin they laid a silver wreath. They were previously received in audience by emperor Yoshihito and the empress.

Typhoon sweeps China. Amoy, China, Sept. 4.—A typhoon last Thursday destroyed many streets in the city of Taihikohu, the capital of Formosa, and also devastated the northern districts of the island.

Liner wrecked; all are safe. Glasgow, Scotland, Sept. 4.—The Wilson liner Nero was wrecked and badly damaged today on the west coast of Scotland on her voyage from Christchurch to Manchester. All on board are safe.

How Women Can Save Money (Ella Ellis in the Arch.)

"Women save a good part of the cost of many dainty aids to beauty if they purchase the necessary ingredients at the drug store and mix them at home. For less than a dollar you can make a six months' supply of the finest shampoo powder known—one said to really cause hair to grow long, thick and glossy. Just mix four ounces of orris root with a package of genuine therop, sprinkle a little on the head, brush out, and your hair will be clean, wavy and beautifully lustrous.

The electric needle for removal of superfluous hair is expensive and painful. A paste made of plain delatone and water accomplishes the desired result quickly and safely. Cover the hairs with the paste, let it remain a few minutes, remove and wash the surface.

When eyebrows are thin or lighter in color than the hair, apply pyroxin with the finger tips. To make the eyelashes long and darker in color, gently massage the lash roots with pyroxin.

"A true complexion beautifier that removes freckles, tan, sunburn, dark and muddy patches and other blemishes, can be made cheaply by dissolving four ounces of mayatone in a half-pint of witch hazel. Use instead of powder. It makes the skin fair, smooth and satiny."—Adv.

NEWSPAPER MEN FROM MEXICO WITH GEN. HUERTA

Besides the staff and guard of soldiers who accompanied Gen. Victoriano Huerta to Juarez, a corps of Mexico City newspaper men accompanied him. In the party were F. Ramirez de Aguilar, of "El Imparcial," who went through the campaigns with Gen. Navarro during the Madero revolution, and who was with Gen. Garcia Cuellar in the battle of Casas Grandes; Arturo Cinceros-Pena, of "El Dia," and Carlos Ezeta, of "El Pais," all from Mexico City.

They have been through the entire campaign with Huerta in the north, having come with the federal column from Torreon. Nearly all of them have also seen service in their line in the Zapata campaign in Morelos.

J. E. Campos, another representative of "El Imparcial," has been in Juarez attending to the rebel side of the revolution for his paper and is now handling the Juarez office for the "Imparcial."

New Orleans, La., Sept. 4.—Three bandits plentifully supplied with high explosives, in an automobile, lay in wait 12 miles east of here last night for a New Orleans and Cincinnati express on the Louisville and Nashville railroad.

DIRECTOR OF FIRST EL PASO MIDWINTER CARNIVAL HERE

H. C. Lockwood spent Tuesday in El Paso, on the way from Los Angeles to Houston, where he will direct the annual No-Ten-On festival. Mr. Lockwood directed the El Paso midwinter carnivals of 1901, 1902 and 1903. He will be remembered by many of the older residents as a man of force and ability in his special line. The midwinter carnival of 11 years ago marked the beginning of a new period of El Paso's growth, the awakening of the new city. In those days the whole population turned out for the carnival and it was a popular amusement for all the society folk as well as the general public.

Mr. Lockwood has been engaged in the amusement business ever since. He has just spent nine months on the coast, and says he may become associated with the San Diego-Panama exposition management.

TO BUILD FINE PICTURE THEATER

Work Starts on Remodeling the Wigwam—Winch Returns.

The Wigwam theater has been closed and will be enlarged and beautified to make it the most beautiful moving picture theater in the southwest. The Silver Grill restaurant adjoining it on the east has also been closed and the two rooms will be converted into one large auditorium for the new Wigwam theater. The upstairs is also to be utilized, making the auditorium of the theater two stories high with room in the rear for a gallery. The new theater will be fireproof with concrete floor and exits on the alley.

Opera chairs will be installed. An indirect system of lighting will be used by which the aisles will be illuminated from below and all of the lights will be planned by the indirect system of illumination, the newest thing in theater lighting.

The front of the theater will be rebuilt and will be illuminated with a large number of lights. The lobby will be of onyx and will have small storerooms facing San Antonio street and opening into the main lobby. The improvements will be made by Campbell and Winch, the present proprietors of the theater.

W. R. Winch, manager of the Wigwam, has returned from a visit to Kansas City, Dallas and San Antonio. While in Kansas City Mr. Winch went on an automobile trip through the central states with a party of friends. He was joined at San Antonio by Mrs. Winch.

LONDON PAPER REGRETS SPIRIT OF CANAL CONTROVERSY

London, Eng., Sept. 4.—Regret at the spirit in which the Panama question is being discussed on this side of the Atlantic, is expressed today by the Westminster Gazette, the government organ, whose editor, J. Alfred Spencer, is considered as possibly the next British ambassador at Washington.

The charges of "Yankee perfidy," it says, in an editorial, have had the effect that might have been expected in the American retort that Europe is strewn with examples of this perfidy. This only serves to "generate heat where light is wanted."
